### **Begin with Prayer**

1. How are you doing? Really? How are you handling all the chaos, stress, anxiety, anger, etc.? What are some things that are helping you cope?
2. READ James 1:1-8. Why should we expect trials and in what ways will our outlook on trials determine the outcome?
3. Why do we often look at the negative side of things rather than understanding that God is up to something good? How does God use trials for good in our lives?
4. What does it mean to be mature as a Christian? How does we grow and become more mature according to James? Can you give an example of how this has happened in your life?
5. What is God’s promise in James 1:5? What do you need wisdom for right now?
6. Respond to this thought – “What if God doesn’t want us to just get through this so we can get back to normal?”
7. Spend some time in prayer, asking God for wisdom and taking your needs before Him. Pray for one another also.
